Instructions

Filename: NLSEE2432-4x4
 Stitch Count: 2708
 Size: 3.44 x 3.52 inches
 83.36 x 89.28 mm

Materials/Cutting Chart

Materials	Size & Number of Cuts
Faux Leather	2 cuts at 4.5 x 2.25 inches
Threads	Choice of colors
Tear-Away Stabilizer	Enough for a 4 x 4 inch embroidery hoop

The Color Sequence Chart below will be referenced throughout these instructions.

Color Sequence:

Printed by Generations(TM), Copyright 2002-2007, All Rights Reserved.

1. Cut faux leather pieces as indicated in Materials/Cutting Chart on page 1.
2. Transfer design (NLSEE2432-4x4) to embroidery machine.

3. Hoop tear-away stabilizer in 4x4 inch embroidery hoop and attach to machine.

4. Change needle thread to color of leather and use white bobbin thread.
5. Sew #1 in the Color Sequence Chart. These stitches will create the placement stitches.

6. Remove hoop from machine, place on a flat surface and place one of the faux leather pieces over the placement stitches.
7. Use tape at the top and bottom to hold the piece in place.

8. Return hoop to machine and sew #2 in the Color Sequence Chart. These stitches will attach the faux leather piece to the stabilizer.

9. Change needle thread to the color you wish for the text and book. Leave bobbin thread white.
10. Sew #3 in the Color Sequence Chart. These stitches will create the text and book of the design.

11. Change needle thread to red-or what ever color you wish for the heart and sew #4 in the Color Sequence Chart. These stitches will create the heart.

12. Remove hoop from machine, place upside down on a flat surface, and trim all thread tails.

13. Place the second piece of faux leather over the back of the hoop-line it up with the front piece and tape **all four corners** of the piece to hold in place.

14. Change needle and bobbin thread to the color you want for the outside border.
15. Return hoop to machine and sew #5 in the Color Sequence Chart. These stitches will attach the back piece to the project.

16. Sew #6 in the Color Sequence Chart. These stitches will create the motif border around the bookmark.

17. Remove hoop from machine and trim all loose threads from front and back.
18. Remove project from hoop and trim away excess stabilizer from around the bookmark.

19. Using pinking sheers (or regular scissors if you don't have pinking sheers) cut about 1/4 inch away from the border around all four sides of the bookmark.

20. Your bookmark is finished and ready to use.
