

# Santa Wallhanging

---

By Marlene  
10 Designs for the 5x7 hoop

Supplies:

- White Felt
- Fabric or craft glue
- Ribbon, cord or string
- Tear-away stabilizer

This is an Applique Design - if you are unfamiliar with this type of embroidery, please see our instructions here:

<http://www.designsbysick.com/articles/how-to-applique-the-country-girls-set-and-others-like-it/>

You can find several other articles and tips about Applique by clicking on Articles at the top of the website and typing "Applique" into the search box.

Instructions:

- After stitching the pieces and tearing away the stabilizer put together as shown in the pictures.

- Run a small bit of glue along the back top satin edge of the wreath and attach it to the bottom of the chimney.

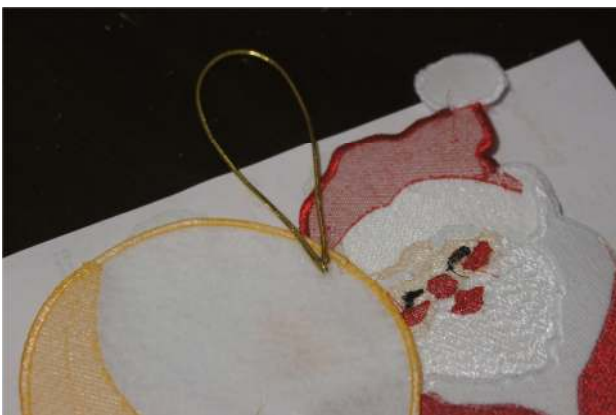

- Do the same with the bottom of Santa's Jacket placing it over the top of the Chimney. Positioning the cuff edge over the hand.

Run a small bit of glue on the back bottom edge of Santa's beard (satin trim) and place it over the top edge of his collar, overlapping slightly.

Glue the moon to the back the edge of Santa's head behind his waving arm. The waving hand (glove) should be brought forward over his hair.

Attach a cord or ribbon, centering it between the moon and Santa's head.

- After you're finished, place a bit of glue under the edges where the pieces join.
