

Valentine's Day Banner

SUPPLIES:

Fabric (Cut a little bigger than your hoop)
You need 2 pieces of fabric for each banner.
threads to match of your choice
Med. tear-a-way or Cut-a-way
Ribbon for ties

Fabric Direction

Hoop tear-a-way in hoop and place on machine.
CC1 - placement
Lay Fabric right side up over top so that it covers the placement stitching leaving excess cover over hoop.
CC2 - this will stitch down the fabric in place
CC3 - heart trim on left side
CC4 - heart trim on right side
CC5 - heart trim across top
Then stitch letters/heart - after this lay second piece of fabric right side facing down over hoop and stitch last CC.
This will join the front to back of the banner.
Remove from hoop and trim close to stitching line(except where you turn it) and then turn it right side out through the opening. Press raw edges inside and then stitch close, add ribbon at each top corner so you can tie the banners together.
