

#### Recommendations for embroidery of felt toys:

You can put felt in the embroidery frame and embroider directly on it or put the stabilizer and put a piece of felt on top.

1. The first line is the outline of the toy, 2, 3, and 4 lines - decorative
2. After that, you need to put a second piece of felt under the embroidery frame and sew the next line, which will sew two parts, leaving a hole for stuffing the toy.
3. The last line was created in order to cut a toy on it, if you do not need this line, you can not embroider it.
4. After that, you can stuff the toy with a sintepon and sew a hole
