

Guidelines for embroidering design «Earrings The gentleness of the butterfly»

Elements of jewelry are embroidered on organza

1. Put a water-soluble stabilizer into the Hoop. If your stabilizer is not dense enough, use two layers.
2. Fix the organza on the top with the glue-spray.
3. Embroider the wings.

4. Cut the wings close to the edge of the embroidery. Wash the water-soluble stabilizer and dry the wings.

5. Sew wings by hand, as shown in the photo. You can decorate the middle with rhinestones or beads.

6. Make a small hole with an awl or a thick needle in the center of the upper wing.
7. Pass the ring connector for jewelry to the resulting hole.
8. Attach the seams.
9. Enjoy the light and delicate decoration!
