

FSL-Lovely-Floral-Bookmarks-5x7-DAH-NLS

Instructions

These bookmarks are stitched on **one layer of water-soluble stabilizer**. When stitching the designs, it is important to use the same color thread in the **needle and bobbin**, as the bookmarks can be viewed from both sides. I stitched the background lace in white, but any color can be used, as long as the needle and bobbin thread match for each step in the Color Sequence Charts.
