## PERSONALIZED ELEPHANT DECORATION

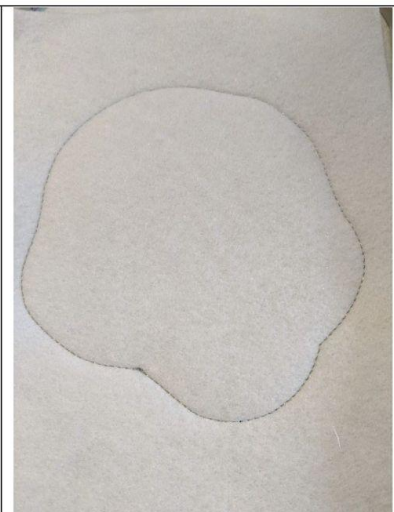

### HEAD

Seam 1: the first seam is done on your stabilizer to tell you the location of your fleece

Put your fleece to cover the entire seam

Seam 2: this seam will hold your fleece in place

Cut excess fleece all the way around

Put your piece of acrylic felt. You can skip this step (optional)

Seam 3: This seam will hold your felt in place. If you don't put on felt, skip that seam

Cut excess felt all the way around

Put your Minky on the seam so as to hide the whole seam

Put your water-soluble stabilizer on your Minky

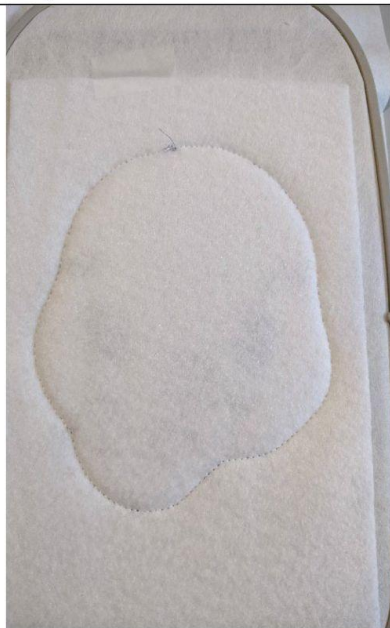

Seam 4: this seam will hold your Minky and water-soluble stabilizer in place

Sewing 5-6-7-8-9: embroidery stitches

Put your 2nd piece of acrylic felt on the back of your frame so as to cover all the seams

Seam 10: this seam will hold your back felt in place

Cut excess felt on the back of your project

Turn off the Minky and water-soluble stabilizer all around

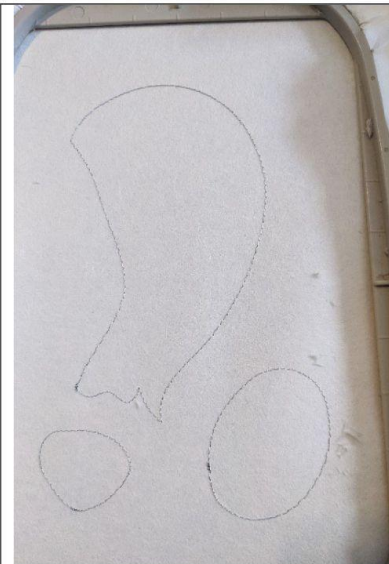

Sewing 11: embroidery stitches

Get out of your frame and remove your tear nonwoven stabilizer and water-soluble stabilizer

#### RIGHT EAR AND LEGS

Seam 1: the first seam is done on your stabilizer to tell you the location of your fleece

Put your fleece to cover the entire seam

Seam 2: this seam will hold your fleece in place

Cut excess fleece all the way around

Put your piece of acrylic felt. You can skip this step (optional)

Seam 3: This seam will hold your felt in place. If you don't put on felt, skip that seam

Cut excess felt all the way around each item

Put your Minky so as to cover all the seams

Put your water-soluble support

Seam 4: this seam will hold your Minky and stabilizer in place

Seam 5: this seam tells you the location of your cotton piece for the ears

Put your cotton piece on the seam

Seam 6: this seam will hold your fabric on your Minky

Cut excess fabric all around

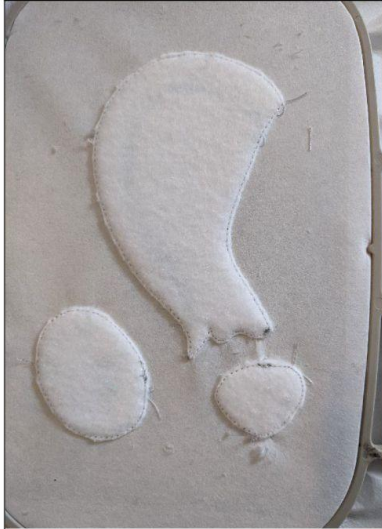

Sewing 7 and 8: embroidery stitches

Put your piece of Acrylic felt on the back of your frame, taking care to hide all the seams

Seam 9: this seam will hold your felt in place

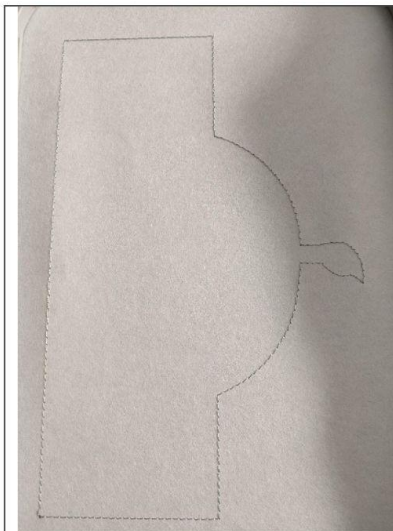

Cut excess felt all around the elements

Sewing 10-11: embroidery stitches

MAKE THE LEFT EAR AND PAWS THE SAME WAY

THE BOTTOM AND THE SIGN

Seam 1: the first seam is done on your stabilizer to tell you the location of your fleece

Put your fleece to cover the entire seam

Seam 2: this seam will hold your fleece in place

Cut excess fleece all the way around

Put your piece of acrylic felt. You can skip this step (optional)

Seam 3: This seam will hold your felt in place. If you don't put on felt, skip that seam

Cut excess felt all the way around

Put your Minky on the bottom part of the elephant

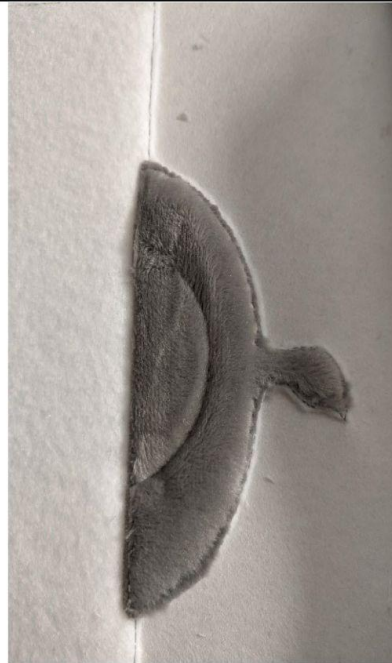

Seam 4: this seam will hold your Minky in place

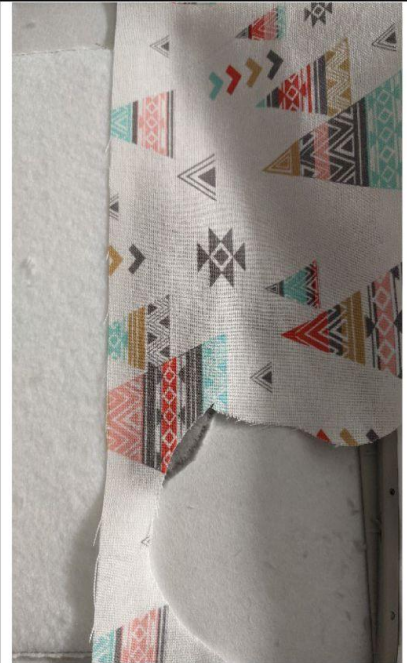

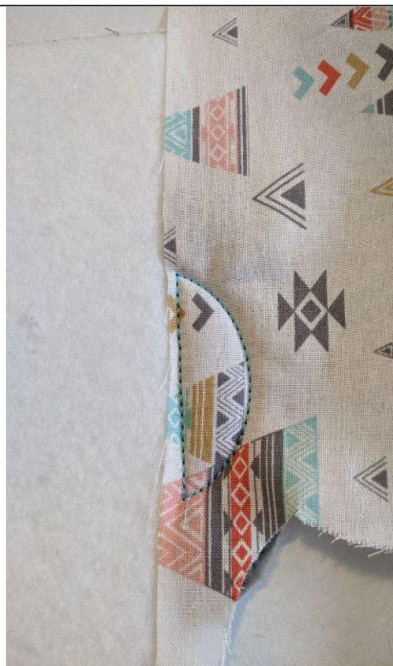

Cut off excess Minky all around

Seam 5: This seam tells you the location of your cotton piece

Put your cotton on the seam

Seam 6: this seam will hold your cotton in place

Cut off excess all around

Sewing 7: embroidery stitches

Put your piece of cotton for the sign on the location of the sign

Seam 8: this seam will hold your cotton in place

Cut off excess all around

Put your felt on the back of your frame, hold in place

Seam 9: this seam will hold your felt in place on the back of your project

Cut excess felt all the way around

Sewing 10 and 11:  
embroidery stitches

Thinking outside the box  
Remove your non-woven  
stabilizer to tear

#### ASSEMBLY

You must have the items  
here on it

With your hot glue gun,  
stick the head centered  
with the lower body

Stick the ears on the  
back of the head

Stick the top little paws on the sign.  
Be careful if you have put a name not to hide the name

Stick the paws on the bottom, stick on the sign and the lower body, putting them so as not to hide the name if you have put a name

Take a small ring with a ribbon, stick on the back of your project, here I put a small felt heart so that it is more aesthetic
