If you resize or modify this design in any way, I can't guarantee a quality point.

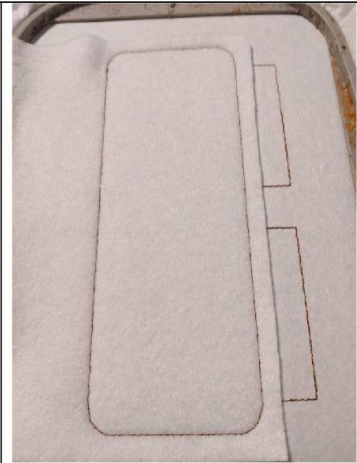

Bag

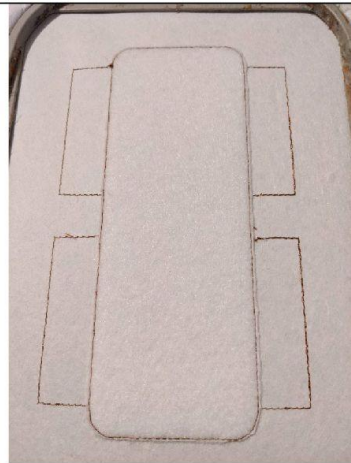

The first seam is done on your support to tell you the location of your fabric

Put your fleece on the center part only

This seam will hold your fleece on your support

Remove excess fleece

Put your first piece of felt on the entire seam

This seam will hold your felt in place

Make the embroidery stitches

This seam tells you the location of your felt

Put your felt on the seam

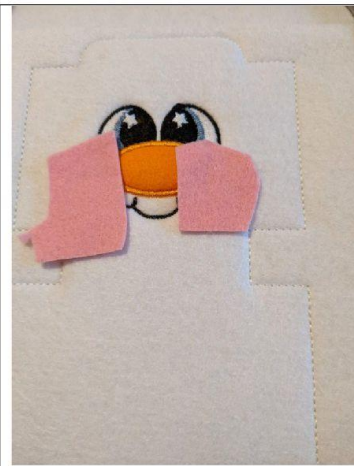

This seam will hold your felt in place
Remove excess tissue all around

Bumblebee Points

This seam tells you the location of your felt

Put your felt on the seam

This seam will hold your felt in place
Remove excess tissue all around

Bumblebee Points

Set up your ribbons for handles, you need to put your ribbon on the back of your frame. Pay attention to the meaning of your ribbon

Put your^{2nd} piece of felt on the back of your frame, over the ribbons

Seam that will join the front and back of your bag

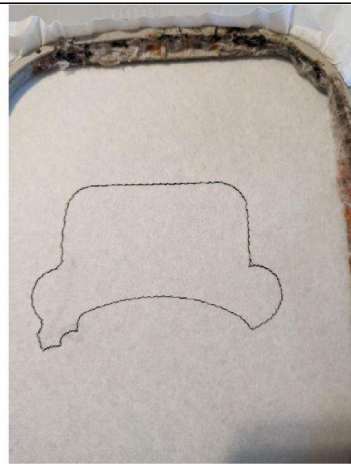

Cut the excess fabric on the top and bottom of the bag only.

Making the bumblebee point

Get out of your frame, cut the excess fabric all around

SNOWMAN DECORATION

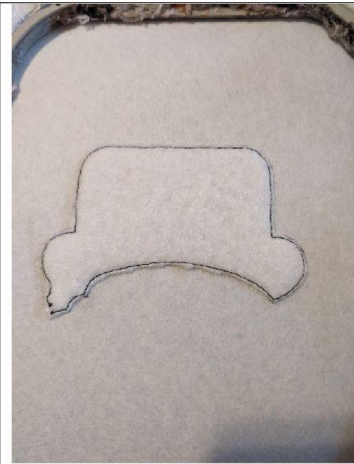

The first seam is done on your support to tell you the location of your fleece

Put your fleece on the seam

This seam will hold your fleece on your support

Cut off excess fleece all around

Put your felt on the fleece

This seam will hold your felt in place, DO NOT CUT

Bumblebee Points

This seam tells you the location of your felt

Put your felt on the seam

This seam will hold your felt in place

Remove excess tissue all around

Bumblebee Points

This seam tells you the location of your felt

Put your felt on the seam

This seam will hold your felt in place

Remove excess tissue all around

Bumblebee Points

This seam tells you the location of your felt

Put your felt on the seam

This seam will hold your felt in place

Remove excess tissue all around

Bumblebee Points

Put your^{2nd} piece of felt on the back of your frame, hold well in place

Make the last seam that will join your 2 felts together

Get out of the frame and cut the excess fabric all around

ASSEMBLY

With your hot glue rifle, stick the hat on the guy, taking care not to stick on the sides of the bag

Glue the sides together, the front side of the bag sticks to the back side of the bag for a nice finish
