2-The head: 2 pieces of 11x11cm in white

3- The arms: 1 piece of 22x8cm of white color and 1 piece of 22x6cm high

MATERIAL: tearable support, water-soluble support, temporary glue, stuff, tapestry thread, needle

EARS AND MANE

<p>The first seam is done on your tearable support</p> <p>Once this seam is finished, take your first piece of fabric and put the reverse on your support</p>	<p>Make the^{2nd} seam, this seam will hold your fabric on your support</p> <p>Then put your^{2nd} piece of fabric, place against place</p>	<p>Make the last seam to unite your 2 pieces</p>	<p>This seam is done on your support to tell you the location of your fabric</p>

		
<p>Put your first piece of fabric on the seam and water-soluble support, taking care to hide the seam well</p>	<p>Make the seam that will hold your fabric on the support.</p> <p>Make the embroidery stitches</p> <p>Once these 2 steps are completed, put your^{2nd} piece of fabric, place against place</p>	<p>Make the last seam that will sew your 2 pieces of fabric together.</p> <p>Get out of the frame, remove excess fabric, turn to the place and set aside.</p>

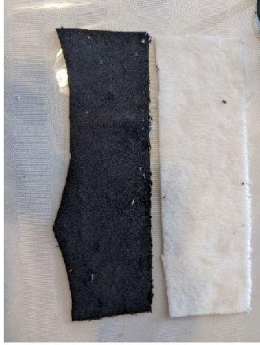

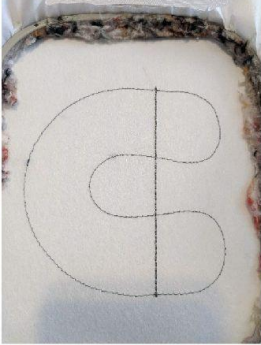

THE HEAD

			
<p>The first seam is done on your support to tell you the location of your fabric</p>	<p>Put on your first piece of fabric and water-soluble support. Take it welln to hide the co uture</p>	<p>This seam will keep your fabric and water-soluble support on your base support</p>	<p>Make the embroidery stitches</p>

			
<p>This seam tells you the location for your batting</p>	<p>Put your batting to cover the entire seam</p>	<p>Make the sewing that will sew your batting on your project</p>	<p>Remove excess batting</p>
			
<p>Put your little piece of fabric for the muzzle</p>	<p>Sew and remove excess fabric</p>	<p>Put a small piece of water-soluble support and make the embroidery stitches</p>	<p>this seam tells you the location of your first ear</p>
			
<p>Put your first ear on this seam taking care to hold in place</p>	<p>Sewing your ear on your head</p>	<p>Seam in the top of the head to tell you the location of the mane</p>	<p>hold well in place and make the sewing</p>

			
<p>Make the other ear the same way</p>	<p>Put your^{2nd} piece of fabric, place against place.</p> <p>A little advice: reduce the speed of your embroiderer to follow the seam and place the fabric as you go</p>	<p>Last seam that will sew your pieces together.</p> <p>Once this seam is finished, remove from your frame, cut the excess and return to the place</p>	

THE ARMS

		
<p>cut your 2 pieces of fabric</p>	<p>Make a seam to join your 2 pieces together</p>	<p>Make the first seam on your tearable support</p>

		
<p>Put your fabric, the junction of the 2 tissues must follow the line</p>	<p>Put on your water-soluble support</p>	<p>This seam will keep your fabric and water-soluble support on your support</p>
		
<p>Make the embroidery stitches</p>	<p>Fold your fabric, taking care to follow the junction line of the 2 colors of fabrics</p>	<p>Make the last seam that will sew your 2 pieces together. Get out of the frame, remove the excess fabric and put in the place</p>

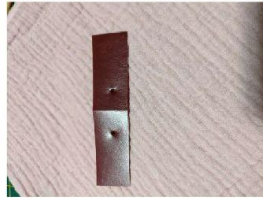

THE ASSEMBLY

All you have to do is do the assembly.

	You	Put the		
<p>should have this before doing the assembly</p>			<p>stuff in the paws and head</p>	

Before closing the arms, put your buttons s pressure to be able to attach it with the small cover, I made a template for the pressure buttons, take a piece of plastic, make a hole at 0cm and the other at 3cm from the first hole, this template will serve you to put your pressure buttons on the back of the arms and on the cover

Subsequently put the stuff and close with an invisible seam

Position your head on your arms, I put a little fabric glue to hold my head in place before sewing. Once your glue is dry and your head in place, sew it with an invisible seam and your tapestry thread.

Take your blanket and decide where you are going to put your dog, put your buttons pressed and join the animal on your small blanket.

PS: I always do at least 3 times the invisible seam so that it is really well sewn.
