

**GINGERBREAD, REINDEER, PENGUIN
MITTEN**

Frame 13x18cm (5x7")

Finished size: 29cm high x 15cm wide

Materials:

7 pieces of fleece of 13x18cm

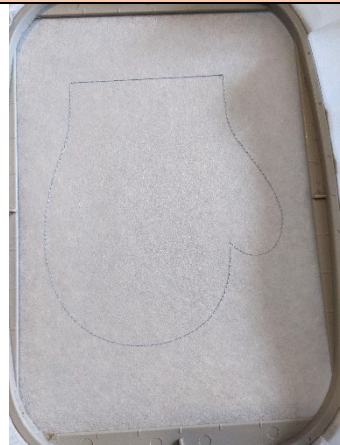

7 pieces of white felt for the back

3 pieces of 3.8cm wide x 22cm of imitation fur felt loin

1 piece of felt in each colour of 24x30cm

Tear-off stabilizer, hot glue gun

THE MITAINE

Seam 1: This seam is done on your stabilizer to tell you the location of your fleece

Putting your fleece on the seam

Seam 2: This seam will keep your fleece in place

Trim off the excess fleece

Put your coloured felt on the fleece

Seam 3: This seam will hold your felt in place

Trim off the excess all the way around

Print your pdf of the mitten and buckle

Seam 4:
embroidery stitch
(here I forgot to take the picture)

Trace and cut the mitt out of rigid cardboard

Glue the cardboard to the back of your work (back of the frame), center in the mitt

Put your felt on top of the cardboard (you can also do it with the white felt on the back)

Seam 5: This seam will join your front felt with the back felt

Trim off the excess

Seam 6:
Bumblebee
stitches

Exit the frame,
remove your
stabilizer and set
aside until
mounting

THE ASSEMBLY

Here I show you how to do the assembly but with the gingerbread

Glue the head to the top of the mitt

Glue the fur-style felt all the way around the mitt

Glue on the back

Glue the arms together

For the loop, you with the pattern when you print the pattern of the mitten cardboard

With a small dot of glue, glue the top of the mouth to the center of the mouth

Glue the other part towards the center

With the small part of the bottom, go around and glue on the back

If you resize or modify this design in any way, I can't guarantee a quality point.
