Step 38:

With the help of a needle and thread or some type of textile glue. The banner will be the upper center part. Join the part of the banner with the floral branches, fixing the endings in the back parts of the banner. The little flower will be in the center of the floral branches. Then fix the ladybugs one on each branch at the height you prefer. And the heart will be in the center of the banner. As the reference image suggests Use complementary decoration. Have fun doing this beautiful project.
