

Dog Poop Bag Dispenser

What is needed:

Vinyl fabric, waterproof,
gorotex etc.

1 Rectangle of 3,93 x 6,29 "

1 Rectangle of 3,93 x 2,36 "

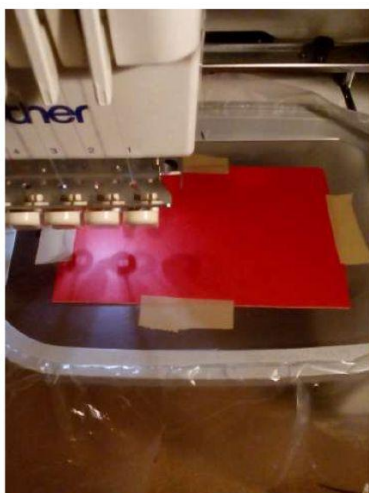

1 Rectangle of 3,93 x 4,33 "

1 Metal ring or a carabiner of
your choice

1 Support for attaching the ring

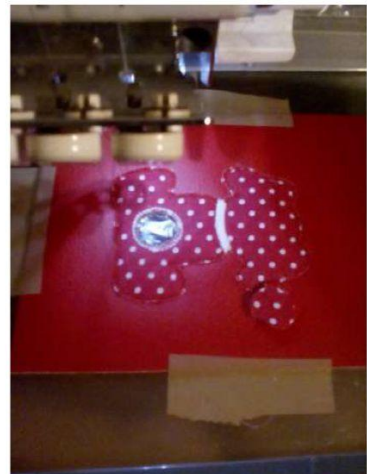

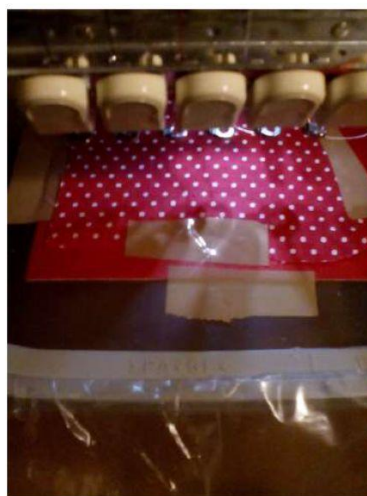

Hoop with tear-away stabilizer
Embroider the first track

Cover the trace with the first
rectangle
And fix it to the stabilizer with
adhesive tape

Follow the sewing order and complete the applique,
before embroidering the edge of the hole, cut out the inside
being careful not to cut the stabilizer,
in the case of cutting, before completing the hole,
place a small piece of stabilizer on the back of the frame

Remove the hoop from the embroiderer
Turn over and place the two rectangles
In correspondence of the horizontal lines
Secure with adhesive tape

Put the hoop back in the embroidery
machine
Run the last track

Remove it from the frame and cut out the dog dispenser along the
perimeter, you can insert snap buttons or velcro for closure
