Final Product: What You Will Create

Step 1:

For the first flower, tautly hoop a 2.5-ounce cutaway stabilizer in your embroidery hoop and run color-stop 1 as a placement line.

Step 2:

Remove the hoop from the machine, do not unhoop. Cover the placement line with wadding, with the help of the repositionable adhesive spray, and run color-stop 2 through color-stop 3. Cut off the excess wadding.

Step 3:

Cover the placement line for the leaves and stem with green fabric, with the help of the repositionable adhesive spray, and run color-stop 4. Cut off the excess fabric.

Step 4:

Cover the placement line for the flower part with printed fabric, with the help of the repositionable adhesive spray, and run color-stop 5. Cut off the excess fabric.

Step 5:

Cover the placement line in the center of the flower part with green fabric, with the help of the repositionable adhesive spray, and run color-stop 6 through color-stop 7. Cut off the excess fabric.

Step 6:

Remove the project from the hoop, and cut out the design's outline with sharp scissors. Look like this.

Step 7:

For the second flower, follow the steps of the first flower. And look like this.

Step 8:

For the third flower, tautly hoop a 2.5-ounce cutaway stabilizer in your embroidery hoop and run color-stop 1 as a placement line.

Step 9:

Remove the hoop from the machine, do not unhoop. Cover the placement line with wadding, with the help of the repositionable adhesive spray, and run color-stop 2 through color-stop 3. Cut off the excess wadding.

Step 10:

Cover the placement line for the leaves and stem with green fabric, with the help of the repositionable adhesive spray, and run color-stop 4. Cut off the excess fabric.

Step 11:

Cover the placement line for the flower part with printed fabric, with the help of the repositionable adhesive spray, and run color-stop 5. Cut off the excess fabric. And run color-stop 6 through color-stop 8.

Step 12:

Remove the project from the hoop, and cut out the design's outline with sharp scissors. Look like this.

Step 13:

For the flower pot, tautly hoop a 2.5-ounce cutaway stabilizer in your embroidery hoop and run color-stop 1 as a placement line.

Step 14:

Remove the hoop from the machine, do not unhoop. Cover the placement line with wadding and brown fabric with the help of the repositionable adhesive spray, and run color-stop 2 through color-stop 5. Cut off the excess fabric/wadding. And run color-stop 6.

Step 15:

Remove the project from the hoop, and cut out the design's outline with sharp scissors. Look like this.

Step 16:

For the bottom wreath part tautly hoop 2.5-ounce cutaway stabilizer in your embroidery hoop, and run color-stop 1 as a placement line.

Step 17:

Remove the hoop from the machine, do not unhoop. Cover the placement line with wadding and printed fabric with the help of the repositionable adhesive spray, and run color-stop 2 through color-stop 4. Cut off the excess fabric/wadding. And run color-stop 5.

Step 18:

Remove the project from the hoop, and cut out the design's outline with sharp scissors. Look like this.

Step 19:

For the top wreath, follow the steps from the bottom wreath. And look like this.

Step 20:

Remove the project from the hoop, cut out the design's outline with sharp scissors and then put all the pieces together

---

Step 21:

With the help of a needle and thread or some type of textile glue,
join the pieces as they are arranged in the image.
Use a ribbon or cord as a complementary decoration.
Have fun doing this beautiful project.
