### **Design 1, 2 & 3-**

These can be embroidered directly on the garment or made into patches, coasters etc.

1. Hoop Tearaway stabilizer, sew the 1<sup>st</sup> placement line.
2. Lay piece of felt or fabric covering the outline. Sew 2<sup>nd</sup> color which is the tack down stitch.
3. Complete the rest of the design using colors as desired, except the last 2 colors.
4. Before the 2<sup>nd</sup> last color, remove hoop and lay a piece of backing fabric or felt at the back of the hoop and tape it in place.
5. Sew the tack down outline. Remove hoop and trim both top and backing pieces.
6. Stitch the last satin stitch edge. (fill bobbin with the same color as the top thread for this step)

NOTE: In design 1, the crown is an applique.
