

## ITH CABLE TIES/ CORD TIES/ NAPKIN TIES

(4 inches & 6 inches)

Note-

- \* Any non-fraying material is suitable for these ties like vinyl, faux leather, felt, upholstery velvet and foam!
- \* The color changes are meant only to stop the machine, whereas this whole process can be done using a single color from start to finish!

\* These designs can easily be resized in a safe range (up to + or - 20%)

1. Hoop 2 layers of tear away stabilizer and sew the 1<sup>st</sup> color, the placement line.
2. Lay a piece of the material big enough to cover the whole outline well.
3. Sew the 2<sup>nd</sup> color, the tack down stitch.
4. At this point any name, letters or any other text or design can be stitched which is added separately.
5. Remove hoop and add a layer of felt, fleece or any desired backing material covering the whole outline, tape it in place. (not needed if the top material is sturdy or thick enough)
6. Sew the last bean stitch which will join the backing to the top layer.
7. Remove hoop, Tearaway the excess stabilizer and trim carefully leaving a little margin, evenly all around.
8. Add a plastic or metal snap on the 2 ends or piece of Velcro can be sewn on the 2 ends too.
